

# KELLS SOLAR FARM

## QUESTIONNAIRE

Elgin Energy are continuing to prepare a planning application appropriately. Proposals have been refined, appropriately informed by environmental assessment and feedback generated through the Stage 1 Community Consultation process. Please refer to the enclosed project brochure which summarises project evolution and includes a map setting out the refined extent of development. Your views on updated proposals remain important to us as they will continue to help shape the development proposal brought forward to planning application stage. We would be grateful if you could spare a few minutes to complete this short questionnaire and provide us with any comments you have.

1. Are you concerned about the effects of climate change?

Yes                       No                       Undecided

2. Do you support the use of solar energy to help combat climate change?

Yes                       No                       Undecided

3. Do you support the principle of a proposed solar farm at Kells?

Yes                       No                       Undecided

4. What do you think would be the main benefit of the Kells Solar Farm? (Please tick one option)

<input type="checkbox"/> It would produce a clean and safe supply of	<input type="checkbox"/> It would help meet renewable energy targets
<input type="checkbox"/> It would raise awareness of solar	<input type="checkbox"/> Low maintenance and creates very little noise
<input type="checkbox"/> Relatively low visual impact	<input type="checkbox"/> Other: .....

If you do not think there would be any benefit, please state why:

.....  
.....  
.....  
.....

.....  
.....

5. Do you have any concerns about how our proposed plans for the Kells Solar Farm will affect you or the existing environment?

.....  
.....  
.....

6. What do you consider to be the main issues or impacts of solar farms?

- Visual                       Transport                       Construction
- Ecology                       No impact
- Other: .....

7. The community consultation process has enhanced my understanding of the Kells Solar Farm proposal:

- Strongly Agree       Agree       Disagree       Strongly Disagree

8. Please use this space for any further comments, suggestions or questions you may have:
